

Faculty Position

**Center for Cell and Genome Science
and Department of Chemistry
University of Utah**

The Center for Cell and Genome Science and the Department of Chemistry invite applications for a tenure-track faculty position in Chemistry at the Assistant Professor level. More senior applicants seeking a higher-level appointment are also welcome to apply. We seek creative and independent scientists working in any area of chemistry, cell biology, or genome science who are pursuing quantitative, mechanistic approaches to fundamental problems in chemical biology, including the development of novel experimental methods. Successful applicants will be expected to establish a vigorous independent research program and contribute to teaching. The new faculty member will be provided with outstanding infrastructural support as a member of the Center for Cell and Genome Science with a primary appointment in the Department of Chemistry, and will also have access to graduate students from programs in Chemistry, Biology, Molecular Biology, Biological Chemistry and Neuroscience.

Please send in PDF format a curriculum vita, representative publications, research plan, and arrange for three letters of reference to be sent directly to Nancy Kurtzeborn (nancykurtzeborn@bioscience.utah.edu), CCGS/Chemistry Search Committee, Building 084, University of Utah, 257 South 1400 East, Salt Lake City, UT 84112-0840. Candidates must hold a Ph.D. degree or equivalent, preferably in Chemistry, Biophysics or Biological Chemistry. Review of applications will commence November 1, 2009 and will continue until the position is filled.

This position is part of the Utah Science, Technology and Research initiative (USTAR) which was funded by the Utah State Legislature to attract focused teams of outstanding researchers who have the potential of helping build major research programs and creating new technology that can ultimately lead to commercial products and/or new industries for Utah. The University of Utah is an Equal Opportunity/Affirmative Action employer and encourages applications from women and minorities and provides reasonable accommodation to the known disabilities of applicants and employees. The University of Utah values candidates who have experience working in settings with students from diverse backgrounds and possess a strong commitment to improving access to higher education for historically underrepresented students.
